6/29-Glad to get the Freed-CRIC/Freep on Brener. On a second reading, parts sound too much like Skolnick and pivotal parts not so labelled must be conjecture at best. This is the first identification of the Rand operation as Project Star, and I wonder if it or that business about the penetration of the Secret Service in Dallas have any contact with reality Why need the S.S. have been penetrated? I can't see need or reason. Despite these apprehensions, I am impressed by their Penn't thing which cannot be so faulted. HW
